FEDERAL ENERGY REGULATORY COMMISSION

Northern Natural Gas Company

Docket No. RP06-332-000

NOTICE POSTPONING TECHNICAL CONFERENCE

(July 17, 2006)

On July 14, 2006, Northern Natural Gas Company (Northern) filed a motion requesting that the Commission postpone the technical conference scheduled for July 19, 2006, in the above-docketed proceeding. The technical conference resulted from the Commission's May 26, 2006 Order¹ directing Commission staff to convene a technical conference regarding Northern's proposal to adjust the boundary of its Operational Zones ABC and EF to the Iowa/Minnesota border.

The motion states that all of the parties involved have reached an agreement to work on revised tariff language that will be filed with the Commission and will satisfy the concerns of the parties. Northern states that the two parties who protested its proposal support the motion to postpone the technical conference.

Upon consideration, the July 19, 2006 technical conference is postponed. Northern is directed to file a status report of the negotiations no later than July 31, 2006.
